Glenn was my brother in law. We had some great times over the years from crawling thru caves, boating, racing around on his dune buggy and my motorcycle and ATV. He gave me confidence and encouragement to do things needed around the house the past several years following my dad's passing. He was our go to person when we needed information on how or what to do. He had deep frying Thanksgiving turkeys down to a science cooking 26 to 28 turkeys every year. He is going to truly be missed by us all but we know one day we will see him again. I love you Glenn. Rest in peace.
