Stopping by because I can't get you off my mind. You constantly come up in Nene and I's conversations. We would do anything to have you back... Your birthday is right around the corner and we would have been on a whole other vibe right now. Tato, you always knew how to light up a room and we miss that.. Im thankful for you bc if it wasn't for you and Rosa, I would have never met Nene.. I know you're watching over us and Im doing my best at keeping that promise.. Theres so much I want to say but i feel like I dont have enough words... We love you so so so much and miss you more than anything.. #LLT ❤️
