Robert Lee Fulton Sr.

FEB 12, 1952 - JUN 3, 2022

Robert Fulton Sr. 70 was born in Plant City, Florida

Robert served in the Army and was honorably discharged. He loved his country and proudly displayed the American flag.

Robert attended Erwin technical college and worked for teco for some time and later became an electrician. He loved helping others and was passionate when talking about fast cars and motorcycles .

Robert had married and had 2 children: Shirley Fulton and Cornelia Fulton. Robert later remarried and had a son Robert Jr.

He loved spending time with his family and enjoyed cooking. Robert was never much a tv person as he loved being outdoors and listening to music.

He leaves behind his children: Shirley Fulton, Cornelia Fulton, Robby Fulton ; his sisters and brothers: Carol, Shirley , Janet, Raymond, David. Robert had many nephews and nieces: Randy W, Andy W, Elena, Alex, Danielle, Phillip; friends: Don and Johnny, in which I know will miss him terribly!

We pray for peace and dad being in heaven with his mom and dad and his brother Benny.

The world has one less amazing person, but heaven gained one as my dad was such a loving person.

We love you and may your soul rest in peace!

Bobby, I'm going to miss our weekly chats, your caring spirit, and your heart as large as an ocean. You were always concerned about others rather than yourself. You always made us feel loved. During our last phone call, I asked if it was OK for Calvin to bring over chicken and rice. Even though you weren't feeling well, you noticed that it was raining outside and were worried about Calvin getting wet. You only relented when I assured you that Calvin would protect himself. This story says everything about you: loving and unselfish. I could share countless examples like this. A few days before you passed on, I'm glad that we were able to get together and sing those old gospel hymns from our childhood at Brother Harmon's church. You and I always enjoyed reminiscing about our younger days together. Your favorite song was "When We All Get to Heaven." You are now experiencing a day of rejoicing. You're singing and shouting the victory. Enjoy the Kingdom of Heaven. Please say hello to Mom, Dad and Benny for us. In God's time, we will meet you in the sweet by and by; we will walk the streets of gold; and we will chat and sing happily together once again. RIP brother. You are now free of pain. Love, Your sis Shirley and brother-in-law Calvin or big boy as you called him.

As a younger sister I always remembered Bobby having the nic name Mr Groom Master. He was very particular on how he looked. Bobby would iron his undergarments and slick his hair back looking at himself in the mirror. Bobby loved fast cars. I have a memory when he and my brother Benny would go rat racing (that's what it was called in the day) on Hillsboro Ave and the police chased them all the way to our house. My dad would come out and tell the cops do not come on my property. Bobby was a Republican that loved and respected his country. He also believed for standing up for his rights. He would tell me sis be ready and I think you know what that means. One of his sayings was when you get gas put your back to your vehicle. I started doing that. Bobby served in the Army and when he was stationed in Germany he sent me some beautiful pink silk material and mom made me a dress out of the material that I really loved. Bobby would give advice on cars because he knew how to work on cars. He would ask me sis when is the last time you got your oil changed ? Bobby was a fighter and I believe he fought all the way to the end of his life. Now the fight is over Bobby and you are free to enter Heavens gate. I know you are up there looking down on us now with mom dad Benny other loved ones. So long Bobby till we meet again!

Dear Bobby.. you have earned your wings. You will definitely be missed and always loved. I'm so glad that you chose in your last moments to come home for the ones that loved you and you loved. God granted you it was actually 1 week to be with us and not be alone. Everything that could be done was done. Your life will always live on and the Legacy that you leave behind. The many cars that you fixed for us... the tires that you changed. The automotive questions that only you could answer. Your body was tired but your spirit was strong. You showed that in the last few days. Cornelia did everything she could do and your daughter Shirley was her moral support. You will be forever missed. The calls from Don and Keith and Ralph all Express their condolences. You're in a much better place. You're not lonely. You're one Brave brother. From the time that you were diagnosed you fought bravely. One of my Fondest Memories of you that's when you were about three years old and Daddy was digging a garbage hole and you were standing there next to him I'm through your little red cap in the hole. Daddy took it out of the garbage hole he was digging and handed it back to you. As soon as he turned around you threw it in again. That went on for about three times until finally Daddy said why do you want to do that? You were always special to Daddy and Mom. You had a lot of rough times in your life but there's one thing for certain you made friends everywhere you went. Your friends that you grew up with Bobby and Lori and Johnny all have good memories of you. Until we meet again, love your big sis Carol

June 6 at 11:09 AM

Carol Wells June 12 at 6:56 PM

You made this happen Cornelia. You brought him into a place he knew he can rest and be loved. Many times he sat in his truck alone in Alabama and would call me and tell me how lonely he was. He's not lonely anymore. He's got Mama and Daddy and Vinny as well as all the other relatives there. It was a job for you to get everything together but I'm sure your daddy is looking down and he's proud. You're quite a trooper. Memories will always be there. I will miss those not like calls that he used to call me or I used to call him. He would always close the call with love you big sis. He spoke highly of how proud he was of you and how Shirl even though she's had a hard life was very tough. It was an honor for me to have him feared my home the last week of his life. He knew where he was welcome and he called it home away from home. I will miss Bobby so much but knowing that he's at peace makes it bearable. As we go forward, let's remember what he wanted to love each other. So glad that in the final stages he enjoyed having family around. Andy being here with the kids Randy being here you being here and I remember he seemed at peace the night that God took him. God bless you love you always and forever

I'm sad to hear that my brother " Bobby " has passed away. My condolences go out to the entire family, friends, and all of his siblings and others who loved him. He had to deal with a lot in his life and I believe he did his best in order to get through it. My most vivid memory of my brother was that he loved the hymn " I'll fly away ". My belief is that on the day of June 3rd, 2022 my older brother, Bobby did fly away and into the hereafter to greet all the ones that have gone before him. My wish is that he Rest In Peace and I also wish peace and comfort to the entire family. My condolences to all. 🙏
