“ Sylvia and family, I've known Sam since he came to Lancaster many years ago where he worked alongside my Dad, Charlie Smitley at Anchor and I worked there as well, when we came to Florida evidently Sam was put in charge of the customer service team of which I was a part of. Same and I used to tease who was the oldest between us but admittedly I had him by 3 months. Sam will be missed greatly by all that knew him as we was a pretty good guy. Again I am so sorry as it is a shock to us all.

“ Sylvia, I am so sorry for your loss. Sam was a good guy. Sam and I worked at Anchor Winchester over 36 years ago, then later here in Tampa. One night years ago I had just dropped off my daughter at the University of Dayton and was heading back to Tampa. I was planning on driving all night long. I stopped in Kentucky to get gas and when I went inside the station to pay who do I run into, Sam. He was on his way back to Tampa too. We drove through the night helping keep each other awake. I also remember him talking about a doll collection. As I said Sam was a good guy, he'll be missed. You and his family will be in our prayers.
