“ We enjoyed Paul at our church. He took pride in his obligations and we often visited with him between services.

“ Pab was my cousin. Like all of my cousins, i love and adore them. He was always so wonderful to me even though we weren't close in age or geography. The times spent at family holidays on the island are such precious memories for me. He was so funny and charming and will be dearly missed. When he and Priscilla came to Michigan, they always made a point to see me and we shared much laughter and a bond that only families can have. Just a little tear in my heart. He will be greatly missed.
